Bulletin No. 206 Jan. 2024

The last Friday of this month is the 26th...Australia Day. There will be no OFG luncheon this month. The South African Military Veterans Organisation invited me to attend and film the presentation by Major General Otto Schur, South African Air Force (Retired). His talk encompassed his career, 1968 to 2008. This included the Angolan Bush wars period, 1966 to 1989. He vividly recalled how he was shot down with radar guided AAA over Angola. His Mirage entered a spin and he ejected. Hunted by the Angolan soldiers, he laid low until rescued by helicopter.

From this one talk, three videos were produced for our YouTube Channel.

I invited Otto to Racwa for lunch on Friday the 19th so that our members could talk with him and share stories.

Over a year ago I asked for nominations to take on my role. After eleven years, I felt it was time to step down. It has been proposed to form a committee to share the load. Management at Racwa are keen to keep the OFG going. We do bring numbers and income to the Club. An announcement will be made soon.

Regards

Steve Rogers
